Eclectic light with versatile technology.
The Swiss designer Davide Oppizzi
create this tiny precious lamp. Entirely
in aluminum, its name reminds a double
functionality and it can be fixed on
headboard or on wall. LED source
is placed in a movable, turning and
adjustable aluminum cylinder with
transparent polycarbonate diffuser.
The thin wall structure has a superior
opening containing a colored filter or
a gobo, with special textures recalling
water, fire or branches, projecting
kaleidoscopic lighting games on wall

.2Nights

—

.During my many journeys,
hardly ever have I found a
multi-faceted versatile product that
could illuminate a book while you
are lying on your bed and lend a
relaxed atmosphere to the room.
Not the shape, rather,
the functionality of the object:
2nights was conceived
bearing this in mind.

cit. Davide Oppizzi
